So What's Different? Contest

A new release of the [ISIS Pixtools Distributed Imaging Toolkit](#) (version 2.2) was released on July 10, 2009. To celebrate, we are running a contest and giving away a free iPod to one lucky winner!

You can also download our new and improved [ISIS PixTools Distributed Imaging Toolkit](#) – Simply [click here](#).

WHO?

Anyone familiar with ISIS Pixtools can enter, as long as you have a valid company business email address (no Gmail, Yahoo, Comcast, etc. email addresses please)

WHAT?

The ISIS Pixtools Distributed Imaging So What's Different contest!

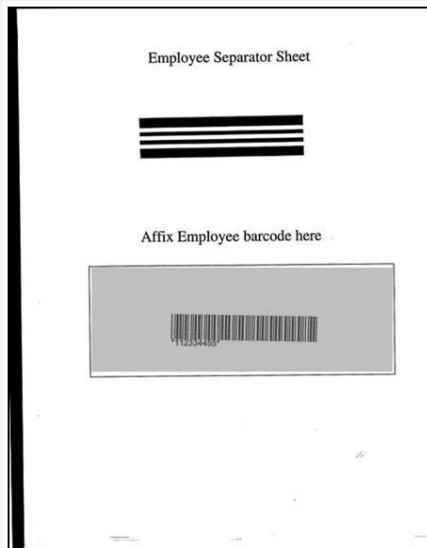

Figure 1

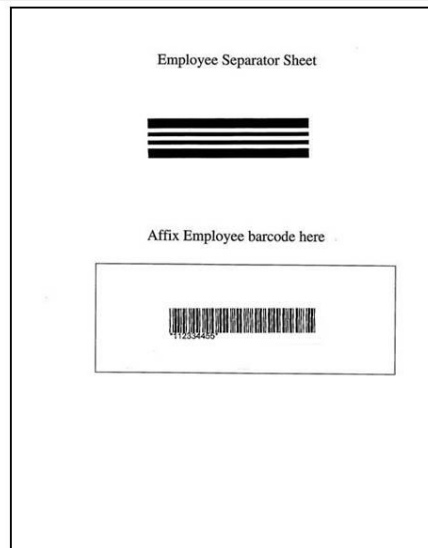

Figure 2

Try to determine what's different between the two images. Determine which image enhancement filters were used on Figure 1 to arrive at Figure 2. The filters to choose from are the following:

Background Dropout	Deskew	Invert Image
Barcode Recognition	Halftone Removal	Rotation
Border Removal	Line Removal	Smoothing

WHERE?

[Simply click here](#) to submit your entries.

WHEN?

The contest will accept entries between now and September 30, 2009.

HOW?

Use your knowledge of ISIS Pixtools, [simply click here](#) to submit your entries. That's it! A winner will be drawn at random.

WHY?

Let's see if you have a good eye in detecting differences, have fun in the process and possibly win a new iPod!
